PROFILE

Meticulous web developer with over 2 years of front end experience building functional interfaces for mobile-first, dynamic web applications. Proficient in React, Redux, Redux toolkit, JavaScript HTML5, CSS3, Bootstrap and Materialize CSS , A firm believer in the writing codes that adheres to standard and best practices.

EMPLOYMENT HISTORY

Front End Developer, Minwo

Apr 2021

MINWO, a Techstars portfolio company , whose vision is to close the racial wealth gap through centralizing black business by providing an ecosystem of products and services that build, grow and scale black businesses. Currently building a tech platform called Rialto, a community-as-service platform powering the Black business economy. As a Front End Developer in Minwo, my core activities include:
· Building stable, maintainable and reusable codebases using React.
· Creating modular, responsive templates using modern CSS techniques and JavaScript libraries.
· Collaborating with designers to ensure designs were efficient and technically sound.
· Implementing a mobile-first approach to existing websites.

Graduate Intern (Front End Engineer), SoftBlue Nigeria

Remote

Jun 2021 — Oct 2021

SoftBlue Nigeria is a Lagos based software company, managed by a highly experienced team of business and software professionals, building the right software solution for your business-critical need. . As a Front End Developer, my core activities include:

· Develop new user-facing feature.
· .Build reusable code and libraries for future use.
· Ensure the technical feasibility of UI/UX designs.
· Ensure that all user input is validated before submitting to back-end.
· Optimize application for maximum speed and scalability

- Work collaboratively with others to achieve goals
